Update: The Grand National race course was inspected on April 16, 2018 by Priscilla Hoblitzell.

Turf: The turf is in excellent and even condition throughout. Recent warm weather and rainfall have combined to encourage spring grass.

Smoothness: The majority of the course is very smooth. Cambridge rolling and harrow of entire course is done.

Compaction: Readings throughout between 6 - 10 on the Lang Penetrometer (Average to Yielding).

Moisture: The Course received a soaker rain in the past twelve hours. The weather for the week prior had a mix of unusually warm days and plenty of wind and the ground had become firm. This latest rainfall has come at an ideal time and provided an even and slow soak. There are no spots that would be particularly deep.

Notes: Course is flagged with only a few exceptions for minor fence adjustments. Course walkers are welcome and invited to communicate areas of concern and needed attention.
