OFFICIAL COMMENTS: In the Jockey meeting with the Stewards, riders requested that all future race meets should have a recall flag at the start.

It was brought to the Stewards attention after the races that on this extremely hot day there were not enough electrical outlets for fans to cool the horses and, the plugs that were there, were shorting out from overload. There were also many cords on the ground and in water that horses were walking on

and trying to step over throughout the day. This needs to be corrected before the spring meet to ensure enough electricity for everybody to safely plug in their fans.
